The Registrant is unable to timely file its report on Form 10-Q for the first quarter ended June 30, 2005 without unreasonable effort or expense. As previously announced in our 8-K dated August 9, 2005, the Company has primarily focused its efforts on the timely closing of its round of funding, the terms of which will be included as a subsequent event footnote in our Form 10-Q as of June 30, 2005. As such, we were unable to file the Form 10-Q prior to the August 9, 2005 deadline.

The Registrant expects to file its Form 10Q within the prescribed extended period of August 15, 2005.

It is expected that the Registrant's sales and cost of sales be approximately \$3.7 million and \$4.0 million for the three months ended June 30, 2005 compared to \$4.1 million and \$2.5 million for the three months ended June 30, 2004. Net loss is expected to be \$5.4 million for the three months ended June 30, 2005 compared to \$1.3 million for the three months ended June 30, 2004. The increase in net loss compared to that of the quarter ended June 30, 2004 was attributable to approximately \$3.4 million impairment charge for this quarter on our long-term inventory and idle equipment. While the Company may be able to utilize these long-lived assets to meet future capacity requirements, considering our current revenue and foreseeable production requirements, the Company does not anticipate utilizing these assets in the near future. The increase in cost of sales was a result of lower business volumes generated from our Liquidmetal bulk alloy business.
