State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

The Registrant is unable to timely file its report on Form 10-K for the year ended December 31, 2007 without unreasonable effort or expense. As previously announced in our 8-K dated February 22, 2008, we have completed a \$2.5 million financing transaction that resulted the Company receiving \$1.7 million distribution from its majority owned subsidiary, Liquidmetal Coatings, LLC. In addition to work associated with the Form 10-K, the Company has focused its efforts on the timely closing of this financing transaction. Due to the amount of work associated with this transaction, we were unable to file the Form 10-K by the March 31, 2008 deadline.

The Registrant expects to file its Form 10-K within the prescribed extended period of April 15, 2008.

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s).

Yes No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

It is expected that the Registrant's sales and cost of sales be approximately \$29.0 million and approximately \$26.5 million for the year ended December 31, 2007 compared to \$27.7 million and \$22.4 million for the year ended December 31, 2006, respectively. Net loss is expected to be approximately \$5.6 million for the year ended December 31, 2007 compared to net loss of \$14.5 million for the year ended December 31, 2006. The increase in sales and cost of sales recorded in this year compared to those for the year ended December 31, 2006 were attributable to an increase in sales of \$5.0 million of our coatings products as a result of an increase in demand from oil drilling applications which were offset by \$3.6 million decrease in sales and prototyping of parts manufactured from bulk Liquidmetal alloys to consumer electronics customers as a result of increased reliance on licensees to manufacture and sell bulk Liquidmetal alloy parts and higher manufacturing costs of new Liquidmetal bulk alloy products used in consumer electronics applications. The decrease in net loss compared to that of the year ended December 31, 2006 was primarily attributable to an increase in benefit from the change in value of warrants and embedded conversion feature of our convertible debt of \$11.8 million primarily from decline in our stock price.
